THE BANTU LAWS AMENDMENT BILL.

1. The Black Sash will be holding a Brain's Trust in the City Hall at 8.15 p.m. on TUESDAY 14th May in order to give people an opportunity of hearing about the Bantu Laws Amendment Bill.

This Brains Trust will probably not receive advance press publicity, so please try and tell all your friends about it. You will be grape-vined.

2. The Black Sash will have its usual stand at the second reading of this Bill. You will be grape-vined about this.

3. During the third reading we plan to hold a large public protest meeting against the Bill. Please watch the Press. You will also be grape-vined.

4. Since this Bill in its present form removes all rights of urban Africans we hope you will make a special effort to take part in all or some of these Black Sash efforts to fight the Bill.
