RESETTLEMENT TOWN :

Mrs. Herbstein, Cape Western Region, gave a talk on DIMBAZA, based on an article, which she had written, which appeared in the Cape Times in July, 1970. This gave rise to discussion (precis below) on what should be done.

Mrs. Streek gave some facts and figures on the East London area.

Mrs. Carlson These conditions should be publicised until people in South Africa cannot say "I did not know" as they did in the case of Dachau and Auschwitz.

Mrs. Wilks reminded Conference of a resolution passed at National Conference 1969 asking that we press for a Commission of Enquiry into conditions in Resettlement Areas. She said that pictures must appear in the National press.

Mrs. Dichmont formally proposed that the Black Sash ask for a Commission of Enquiry.

Mrs. Duncan gave details from the press of two recent removals in the Transvaal.

Mrs. Phillips suggested that we hammer the Members of Parliament in the areas concerned.

Miss. Price urged that letters in Afrikaans be sent to the Afrikaans press.

Mrs. Stott and Mrs. Robb suggested that a Market Research survey be instigated.

IT WAS RESOLVED/—

IT WAS RESOLVED THAT Cape Western Region investigate the possibility of a Market Research Survey and that if feasible, Cape Western initiate the survey and raise the money.

Mrs. Patrick urged that the removal and hardships of all races be tackled in any campaign because Indians and Coloured people were also suffering.

Mrs. Carlson said that we should not measure degrees of suffering and all Regions should tackle the publicising of resettlement irrespective of who was involved. She said there were many ways of bringing this to the notice of all levels of the population, e.g.,
The Churches could have a "Roll of Shame" prominently displayed with a list of Resettlement Areas - and that all clergymen should refer to this at least once every Sunday.

The S. A. Foundation could have photographs sent to them of these villages and asked why they are not included in the tours organised for visiting VIP'S.

Big firms could be contacted - ask the breweries, for instance, when sending them photographs "How much beer do you reckon you can sell to these people".

It will be presented either on Thursday 18th or Friday 19th February by Mrs. Helen Suzman.

The Charter will be sent for ratification to womens' organisations and used for publicity generally. Regions agreed to use the charter as and when they could. The suggestion that lapel buttons be used in the campaign was defeated (18 Against, 3 For and 2 Abstentions).

FACT PAPER - INDIAN PROBLEMS IN NATAL.

Mrs. Matthews, Natal Coastal Region, presented this paper which was in three sections covering Wyebank, Stockville and the Grey Street area.

Suggestions made were that representatives of the Region appear at all Group Areas hearings and give evidence; that the Clause in the Censorship Act be included in literature and evidence re "ill-will between races"; that a statement be made from Conference.

Mrs. Sinclair thanked Natal Coastal for a comprehensive paper.

Mrs. Stott agreed to write a letter to all opposition Members of Parliament on maintenance grants for African Women.

DATE OF NEXT CONFERENCE.

In discussion on the possibility of changing the financial year - it was agreed that Conference revert to October and that the next conference be held on 16th, 17th, 18th and 19th October, 1972. To bridge the gap it was decided that a meeting of Regional Chairmen be held in October 1971. (19 For, 2 Against).

Because of the change of date, it was agreed that the financial year remain unchanged.

WEDNESDAY 18TH FEBRUARY, 1971.

ACTIVATING THE MEMBERSHIP.

This discussion was introduced by Mrs. Patrick, Natal Coastal Region, who read a paper written by Mrs. Wendy Jackson and endorsed by Mrs. Mary Grico. then read another paper, which differed in opinion from the first, by Mrs. Ann Colvin and endorsed by Mrs. Patrick.

Mrs. Robb - Some of our branches are keen to combat apathy by doing something constructive.

Mrs. Vinsen - There is lethargy in the branches and we suggest that a panel be made up of members who are prepared to take immediate action when circumstances arise. They will be guided by the Regional Executive. They will keep lists of influential people who should be contacted, write letters to the press, do research etc.

Mrs. Patrick - We always take action when we are aware of injustices, but have decided to instigate a survey on malnutrition and this will be done by our new members. We now have in the Region a Citizen's Communication Service which will co-ordinate the work done by various organisations and we shall use this service.

RECOMMENDATION.

That the Black Sash should, where possible, form Regional Action Panels to take immediate action in instances of injustice and discrimination resulting from legislation. The panel to be headed by a member of the Regional Council who will be responsible to the Regional Chairman.

Proposed Mrs. Robb
Seconded Mrs. Wilks

The recommendation was accepted unanimously.

Mrs. Wilks - We have so many young people with so much talent that we must use them.

Mrs. Hacking - We must, however, continue with the work we have been doing in the past.

Mrs. Carlson - Transvaal Region will appoint conveners to contact and work with new and active members.

Mrs. Dyer - We have not the manpower to set up panels, and it would simply mean another task for the committee. We could and probably will, appoint a convener for immediate action.

Mrs. Streek - We shall try to do something like this in Border.

Mrs. St. Leger - In Grahamstown, the committee takes immediate action.

Mrs. Carlson - We have drawn up a list of ways in which new members can be involved, viz :-

1. Advice Office.
2. The Committee
3. Conveners to contact new members to find out their wishes and capabilities.
4. Visits to courts and hostels, etc., Take official tour to Soweto. Go and see Diagonal Street (where all Indians are to be moved)
5. Follow-up of families who have been moved.
6. Ensure that the committee delegates work.
7. Contact African women.
8. Take personal and immediate action in shops etc., where there is racial injustice.

Mrs. Dichmont/—

Mrs. Dichmont - Non-members could be called to a meeting in their own area, addressed by a good speaker. Any recruits could then be formed into informal groups to carry out projects.

Miss. Price - We have found that removals have involved many people. One of our projects is to take old age pensioners to collect their pensions and this has resulted in deep involvement.

"NATAL NATTERS" - (A house Magazine which is intended to activate members in the Natal Coastal Area, only one copy of which has been issued to date).

Mrs. Harris of Headquarters Region read a letter which had been sent to Natal Coastal with comments on the magazine.

Mrs. Robb said that an article appearing in the magazine under her name had never been intended to be printed and was not, in fact, written as a contribution but as a hasty letter putting some of her thoughts on paper.

Mrs. Wilks - We contact our members by a newsletter and we shall make copies of this available to all Regions. I feel that perhaps too much time and effort have gone into the house magazine.

Mrs. Moore - The magazine takes a paternalistic view in one article, and the juxtaposition of two articles, one on the removals from Geogedale and the other on the 15th birthday celebrations was unfortunate.

Mrs. Carlson - The layout and general idea is excellent but the content could be reconsidered.

GENERAL. The Petition to the Bar of the House is to be presented and there must be no publicity before this is done. Later, Conference was advised that the petition had been presented.

Statement to Press - A statement was made on the removal of Indians in the Ladysmith and Newcastle areas, and others.

FACT PAPER - OUTLOOK IN ELGIN - presented by Mrs. Anne Brown.

The paper was discussed and it was suggested that attempts should be made to have the facts publicised, especially in journals which are read by farmers.

Mrs. Sinclair thanked Elgin for the paper and for the good work they are doing.

GENERAL.

Mrs. Sinclair thanked Claremont Branch for tea.

NUSAS PROTEST ON REPUBLICAN CELEBRATIONS.

Mrs. Robb reported on this and suggested a re-dedication of effort as was done ten years ago at a meeting of 3,000 people. She also suggested a special issue of the magazine. There was lively discussion on the contents of such a magazine, a possible title and the contributors. It was agreed that the matter be left in the hands of Headquarters, with all Regions trying to submit suitable articles.

ITEM FOR DISCUSSION - When is Sash Welfare Work,"

This item was introduced by Mrs. Wilks.

Points from the presentation and discussion :-

1. It is illegal to ask the public for money for welfare work.
2. It is the duty of the Black Sash to find out where the need is and to alert other organisations and bodies to take action.
3. The Black Sash can only spend money on advice offices, publicity, transport etc.,

4. Opinion must be sought on use of Black Sash funds, already on hand, for donations to other organisations engaged in welfare work.

VENUE FOR NEXT CONFERENCE. Johannesburg, October, 1972.

CHAIRMAN'S MEETING. A meeting of the Chairmen of all Regions and the Headquarters Executive will be held in East London in October, 1971.

BANTU AFFAIRS ADMINISTRATION BILL.

Mrs. Robb gave the contents of the bill and there was discussion on the grounds of protest. It was agreed that the diminution of the powers of the local authorities and the consequent increase in the powers of the Government would be tackled. Cape Western agreed to contact Members of Parliament and Transvaal to write them.

It was stated that local authorities may be involved in the loss of a great deal of money if the Bill is passed and that they have opposed the Bill throughout.

BANTU RESETTLEMENT BILL.

All Regions will take action.

ITEM FOR DISCUSSION - "The Road Ahead".

In view of the time factor, Mrs. Stott said that this could be left over. She pleaded, however, for the Black Sash to make its point of view more acceptable to the Africans, Coloureds and Asiatics.

SECTION 6 OF THE TERRORISM ACT.

New methods of protest against this Act were discussed and the following ideas given :-

1. An information board in a prominent place.
2. Use "Wayside Pulpits".
3. Rent large Billboard and advertise on buses.
4. Use placards on panel van.
5. Use placards on cars.
6. Two minutes silence at certain times of the day.
7. Prayer vigils in churches with pamphlets provided (Mrs Patrick said this was already being done in Churches in her area).

GENERAL.

Mrs. Dyer suggested that at future conferences, items be arranged on the Agenda on a time basis. This was seconded by all the observers. The difficulties were discussed and Headquarters agreed to attempt this.

Mrs. Sinclair thanked Cape Western for the wonderful organisation, the flowers, the transport and for providing the universal aunts who had been so very helpful. She also thanked Mrs. Johnston, Secretary, for her work in connection with Conference.
